Simple Segment Project - quest42.co.uk

Simple Segment Project I do a lot of my roughing out turning by using tools in a boring mode, much the same as if using a pattern makers or metal lathe If you don't have a carbide tipped tool then a stiff sharp 1/2" scraper can be used in the same mode With a sharp flat scraper

long lasting drumsticks since 1985 [www.agner-sticks](https://www.agner-sticks.com)

„You have got a turning lathe, couldn't you produce drumsticks?“ (Stans, 1983) That was the summer of 1983, and the incredible story of the Agner Swiss Drumsticks factory and family had began I, Paul Agner, have used the half of my life for this idea to implement for countless drummers
